Art model - 3D pose and Morphing tool for artists

of the pose or movement between its forms. However, this is too vague because gesture should also establish the length, width and direction of all the masses of the figure. In a more abstract sense, the gesture is the life, flow and energy of the figure. This is why I say ges - ture is the most important step of the drawing process.

Figure Drawing Fundamentals

Photo 20 - After managing the starting pose I started to variate it. Here I moved closer for tighter crop and asked the model to lean slightly forward along the wall. Photo 21 - And finally I asked the model to turn sideways, supporting against the wall with both shoulders. And to further differentiate the shots I asked her to look down her ...
