What are the main structures you could have observed when you removed the exoskeleton of the abdomen and tell the function of each?

Crayfish Worksheet - BIOLOGY JUNCTION

Biology, while super informative and exciting to science junkies, can be a little dry. It can also be pretty intimidating. However, we're going to look at the light side: biology jokes! We definitely need to insert humor into biology. However, not literally into our biology. That could be painful. Or gassy. We've scoured the web ...

Animal dissections - BIOLOGY JUNCTION

There are nearly 8,000 types of amphibians, including some of the most unusual and exciting creatures found on land and water. About two million species of animals inhabit Planet Earth. More than that, scientists discover and categorize about 10,000 other new species every year.
