The summer program in data mining and business intelligence will meet the obvious need for academic training in big data, business intelligence,

Where To Download

and data mining methods, especially for cybersecurity enhancement. Ben-Gurion University of the Negev (BGU) was founded in 1969 and established itself as one of the leading universities in Israel.

Study at BGU - Summer Programs

The fourth semester is dedicated to the master's thesis and can be realised either

Where To Download

as a placement in industry, or as an internship in a research laboratory in any full or associated partner.

Eventually, all students will be gathered in the final event “Business Intelligence: Innovation Meets Research”. The tuition language is English.
