Business Statistics With Mystatlab Second

Robert Donnelly's Business Statistics eliminates the intimidation factor from learning statistics for business. The Second Edition maintains Donnelly's successful straightforward, conversational approach that explains each concept and why it is important directly to students. Through an abundance of comments that clarify specific topics, a variety of applications, and Your Turn practice throughout each chapter, students see business statistics in action—both in the classroom and in the ...

Amazon.com: Business Statistics (2nd Edition) (Mystatlab ...

Business Statistics, Second Edition, helps students gain the statistical tools and develop the understanding they'll need to make informed business decisions using data. The dynamic approach conquers the modern challenges of teaching business statistics by making it relevant, emphasizing analysis and understanding over simple computation, preparing students to be more analytical, make better business decisions, and effectively communicating results.
