Delcam has released the 2012 R2 version of its PowerINSPECT software for inspection and reverse engineering. It includes enhancements to the inspection capabilities and also continues the development of the reverse engineering capabilities introduced earlier this year, according to the company.

Delcam Releases PowerINSPECT 2012 - Digital Engineering 24/7
Delcam has released the 2012 R2 version of its PowerINSPECT software for inspection and reverse engineering. This includes enhancements to the inspection capabilities and also continues the development of the reverse engineering capabilities introduced earlier this year. The main enhancement in this area has been an expansion of the Digitised Curves capabilities to create a powerful re-engineering and modelling tool.
