LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal

File Type PDF Kindle User Guide 5th Edition

issues due to the pirated access provided to books and articles, the site is still functional through various domains.
