How Did it Begin? The Story of PTSD and Agent Orange and Me!

Posttraumatic Stress Disorder (PTSD) is very real. A diagnosis that extends far beyond members of the armed forces who have lived through combat, it affects people all over the world. This frequently misunderstood diagnosis, which often goes hand-in-hand with depression, does not have to instill fear, but can actually be an opportunity to embolden survivors.

My PTSD Story: In Pursuit of Healing

'When the consultant told me I had classic signs of PTSD, it didn't come as a shock,' says Sarah, 53. 'The last two years since our marriage fell apart have been horrifically challenging.'

My PTSD was triggered by several traumas, including a childhood laced with physical, mental, and sexual abuse, as well as an attack at knifepoint that left me thinking I would die. I would never be the same after that attack. For me there was no safe place in the world, not even my home. I went to the police and filed a report.
