Companies in these sectors also need to position themselves to serve Africa's rising demand better," said the analyst. Investors, said Mulder, need to realize that conditions in Africa can be challenging and require a very strategic investment assessment that takes all major factors - business climate, market growth, supply, and infrastructure - into consideration.

A new tide of people power is rising in Africa. On April 2, a nonviolent resistance movement in Algeria succeeded in pressuring Abdelaziz Bouteflika to resign after 20 years as president. Nine days later, protesters in Sudan were celebrating the ouster of Omar al-Bashir, Sudan's president of 30 years, after a three-month-long uprising against his regime.
