Chiropractic adjustments are performed to enhance the relationship between the brain and the spinal cord. The adjustments are done to help the nervous system function at its optimal level. Chiropractors help restore the misalignment in the spine, as well as the range of motion.

### Book Online | Harrison Chiropractic

The history of chiropractic began in 1895 when Daniel David Palmer of Iowa performed the first chiropractic adjustment on a partially deaf janitor, Harvey Lillard.While Lillard was working without his shirt on in Palmer's office, Lillard bent over to empty the trash can. Palmer noticed that Lillard had a vertebra out of position.

### History of chiropractic - Wikipedia

Sinnott's Textbook of Chiropractic Philosophy offers the Chiropractic profession a clear and concise view of what sets Chiropractic apart as a separate and distinct profession. Not since R.W. Stephenson wrote his famous text in 1927, has the profession had a textbook designed for both classroom use and personal study that digs deeply into the details of the philosophy of Chiropractic.
