The Making Of International Law

International law does not have a specific document specifying how it is made; there is no treaty on the correct ways and processes for making international law. Instead, the Statute of the ICJ contains a listing of instruments that the Court may apply in deciding cases, and it is this listing that is often used as a starting point for a discussion of the sources of the law.

Imperialism, Sovereignty and the Making of International Law

International law, also known as public international law and law of nations, is the set of rules, norms, and standards generally accepted in relations between nations. It establishes normative guidelines and a common conceptual framework to guide states across a broad range of domains, including war, diplomacy, trade, and human rights.

International law - Wikipedia

The international law is enshrined in conventions, treaties and standards. Many of the treaties brought about by the United Nations form the basis of the law that governs relations among nations.

International Law and Justice | United Nations

A State is bound to act in accordance with international customary law, and follow any international treaty it has signed and ratified. This is a fundamental principle in international law called "pacta sunt servanda" - agreements must be respected - which follows both from the Vienna Convention on the Law of Treaties, and international customary law.

A. Introduction to International Law

The Making of Modern Law: Foreign, Comparative and International Law, 1600-1926 brings together foreign, comparative, and international titles in a single resource. Its International Law component features works of some of the great legal theorists, including Gentili, Grotius, Selden, Zouche, Pufendorf, Bijmkerhoek, Wolff, Vattel, Martens, Mackintosh, and Wheaton, among others.

The Making of Modern Law: - Gale

Traditionally, international law dealt only with the relations between states, and states were the only creators and subjects of the law. Today that has changed, with new actors joining states as both creators and subjects.

Who Are the Various Actors in International Law ...

The process of international law-making follows the nature of the source of international law concerned (i.e., treaties, customary international law, and general principles of law). While the common law doctrine of precedent does not apply in international law, judicial decisions and teachings of eminent scholars are considered to be evidence of the existence of an international law principle.
